

GO Car Wash Selects DRB Systems for World-Class Car Wash Platform

Akron, OH, May 2, 2019 – A trusted partner in the car wash industry, DRB Systems has entered into a strategic partnership to provide technology solutions to GO Car Wash, the nation's newest express car wash company.

Through an exclusive partnership with DRB Systems, GO Car Wash has committed to using DRB Systems' point-of-sale and tunnel solutions exclusively in their future new builds and acquired car wash locations.

"DRB Systems has a reputation for developing world-class products, so they were the obvious choice as we create a world-class experience at our car washes," GO Car Wash CEO Darren Skarecky said. "Having a reliable, innovative partner like DRB Systems is critical to achieving our mission."

Headquartered in Phoenix, GO Car Wash's growth strategy includes acquisitions, partnerships and new builds. Their goal is to build a multi-regional platform of high-quality car washes in secondary cities across North America.

"We're proud that the leadership of GO Car Wash has chosen DRB Systems as their technology partner," said DRB Systems CEO Dan Pittman. "They share our passion for advancing the car wash industry, and we're excited to support the GO Car Wash vision. This will undoubtedly be a successful partnership that will benefit DRB, GO Car Wash and their customers."

The products to be installed at GO Car Wash include the SiteWatch® point-of-sale system, TunnelWatch® tunnel control software, Xpress Pay Terminal® pay stations and the NoPileups™ by DRB Systems full-tunnel management system.

About DRB Systems

Founded in 1984, DRB Systems is the nation's leading provider of tech-enabled devices, point-of-sale, and software solutions to the car wash industry. DRB's offerings and expert support help car wash operators run their car wash, manage their daily performance and grow their businesses. DRB's solutions touch every aspect of a car wash's operations, and their industry-leading customer service is available to support operators 24/7. DRB is headquartered in Akron, OH.

About Go Car Wash

GO Car Wash was founded in 2019 with the goal of building a multi-regional car wash company with clusters throughout secondary cities across North America. Headquartered in Phoenix, GO Car Wash plans to focus primarily on high-quality exterior express car washes. GO Car Wash will deploy a multi-pronged growth strategy focused on acquisitions, partnerships and new site build outs.
